DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3 are allowed over prior art. The prior art of record, in single or in combination, does not disclose explicitly wherein said apparatus verifies said Start of Frame indicator in each of said receiver-compatible data frames and suppresses a receiver-compatible data frame responsive to corruption in said Start of Frame indicator prior to forwarding to said receiver to ensure buffer-to-buffer credit count integrity is maintained; and wherein the integrity of the remainder of said receiver-compatible data frame is verified by the receiver.

Additionally, all of the further limitations in claims 2 and 4 are allowable since the claims are dependent upon the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
